

To Rancho Heritage School Administration:

Our son was about to turn 5 years old and we were concerned about having him enter the public school system. Nervous, scared and uncertain, we ventured out and found Rancho Heritage School. There, we were greeted by Mrs. Massie who graciously gave us the grand tour. We observed staff preparing for the new school year with enthusiasm. We decided, and were confident that Rancho Heritage would provide the educational, physical, and social needs for our son.

Rancho Heritage has been and continues to be instrumental in providing, 1) Instruction based on the Content Standards, 2) Well defined classrooms that promote small group and independent learning, 3) Activities that promote social and community involvement and 4) Parent involvement.

After completing Kindergarten, the First Grade and currently in the 2nd Grade, we can only say **Thank You so much** to all staff at RHS for your dedication in providing many educational opportunities for our son. We are grateful for your commitment to quality education.

Mr. Mrs. Davis
